"My daughter has been attending ABS Kids for about a month and a half now and they're absolutely great. She has been making so much progress. She's more outgoing, sociable and active she absolutely loves it and they are very **great with keeping me up-to-date** with how my child is doing. I'm so grateful for everything they've done for my child. **I would highly recommend ABS Kids.**"

Charlotte, NC

"It's amazing to see the growth my son has accomplished in just a couple of months. Before he started, he was not able to have a conversation. He would repeat everything. Four months later after receiving therapy he started to ask questions, maintain a conversation. Now, **six months into therapy he is improving a lot more. I would recommend ABS Kids.**"
